

Discover the Printer that's Right for your Application and Healthcare Facility

Label and track every asset across your healthcare facility with Zebra printers.

Give your staff the best tools to deliver the best care

Ensure visibility. Safeguard patient health. Protect patient privacy. All are critical to outstanding care. Zebra thermal printers give you the ability to:

- Accurately and swiftly admit patients
- Safely welcome visitors
- Provide staff varying access control
- Correctly label specimens
- Manage laboratory workflows with ease
- Track pharmacy supplies and process prescriptions
- Keep track of assets and inventories

Let's take a closer look at healthcare use cases and how Zebra printers can help optimize your healthcare facility's workflows.

Prevalent Use Cases:

1. Admissions
2. Healthcare facility staff and visitor identification
3. Specimen collection: drive through and bedside
4. Laboratory management
5. Asset tracking
6. Pharmacy management

Admissions

Admitting patients to your healthcare facility is just the beginning, and it must be done quickly, carefully and accurately. Whether patients arrive via ambulance, through the emergency room or as a direct admission, you need to correctly capture information to create the patient record, protect patient privacy, safeguard their health and track each patient throughout their journey in your facility. Zebra healthcare printers and barcode labels have been specifically designed to fulfill these critical tasks.

Admissions Printers

Zebra desktop printers, specifically designed for the healthcare environment, feature disinfectant-ready plastics, a healthcare-compliant power supply and direct thermal printing to simplify patient identification.

ZD510 Healthcare

This fast-loading wristband cartridge desktop printer supports a wide range of wristbands and sizes

ZD620 Healthcare

Your performance desktop printer for maximum print quality, efficiency and manageability

ZD420 Healthcare

Simple to use, this desktop printer delivers basic features and low total cost of ownership

ZD410 Healthcare

The ultra-compact 2-inch desktop printer with high-resolution capabilities

Zebra Barcode and Patient ID Wristbands

Ensure patient safety and comfort with our thermal or laser barcode wristbands — proven to improve patient ID accuracy and operational efficiency for point-of-care applications. As one of the leading providers of barcode patient ID wristbands, Zebra also offers the widest range of the most durable and simple-to-use direct-print laser and thermal wristbands.

Admissions Barcode Wristbands

- Z-Band UltraSoft
- Laserband2® Advanced
- Z-Band Direct Soft Infant

Healthcare Facility Staff and Visitor Identification

You need to quickly identify staff and visitors, and carefully control access throughout your healthcare facility. Track staff activities such as barcode medication administration and access to locations, and keep critical care areas secure with varying levels of access control.

Identification Card Printers

With their “fit anywhere” design and cover locks, Zebra card printers enable you to easily and securely produce high-quality, color or monochrome cards in even the most space-constrained locations.

ZC100

This single-sided printer is easy to operate, including ribbon loading and varying card thicknesses

ZC300

This dual-sided printer includes all the features of the ZC100, but can produce single or dual-sided magnetic stripe or contactless cards

Card Printer Media

- Premier PVC cards
- True Colors® card printer ribbons

Specimen Collection: Drive-through and Bedside

Safe, efficient and accurate patient care is critical in your facility. Give your staff the mobility to perform point-of-care support and ensure accuracy anywhere.

Specimen Collection Printers

Produce labels at the point of specimen collection to avoid errors and delays. Zebra mobile and desktop printers, with long-lasting batteries (optional on healthcare desktop printers) and outstanding connectivity, give your staff flexibility. Add them to workstations on wheels or wear our mobile printers to provide care anywhere. Specifically designed for the healthcare environment, they feature disinfectant-ready plastics, a healthcare-compliant power supply and direct thermal printing to simplify specimen collection.

Bedside and Drive-through Printers

ZD620 Healthcare

Your performance desktop printer for maximum print quality, efficiency and manageability

ZD420 Healthcare

This easy-to-use desktop printer delivers basic features, an optional removeable battery for cordless operation and low total cost of ownership, as well as optional locking capabilities for added security

ZD410 Healthcare

The ultra-compact 2-inch desktop printer with high-resolution capabilities

ZD500R

This desktop printer delivers advanced features and automatic RFID calibration in a compact footprint

ZQ610/620 Healthcare

These lightweight, premium mobile printers with automatic wake-up and superior battery management are always ready for work anywhere — even in the field

Barcode Printer Labels

- IQ Color 2000D
- Z-Perform 2000D*
- Z-Select 2000D**
- PolyPro 4000D
- ZBR2000 UHF RFID Inlay

Drive-through Printers

Bedside Printers

Zebra Certified Supplies

Zebra Certified Supplies for healthcare help you track and triage specimens and much more. We offer a wide variety of healthcare labels that can withstand extreme environmental conditions, chemicals and abrasion. And, our patented IQ Color labels deliver on-demand, color cues to ensure proper attention.

* Available in NALA & APAC; not available in EMEA
** Available in EMEA; not available in NALA or APAC

Laboratory Management

You need to properly organize, track and expedite specimens and samples for your laboratory staff to process. Give your staff the industrial and desktop printers to get the job done, no matter the conditions.

Laboratory Management Printers

Enable your staff to quickly and accurately identify urgent orders and print labels and results in all environments and conditions.

ZT230

This rugged, economic printer is ideal for applications requiring frequent format or printer setting changes

ZD620 Healthcare

Your performance desktop printer offers maximum print quality and manageability, along with optional locking capabilities

ZT411

Advanced technology meets versatility in this rugged, high-volume printer

ZD420 Healthcare

This easy-to-use desktop printer delivers basic features and low total cost of ownership, along with optional locking capabilities

Asset Management

Label your inventory and manage your medical assets with RFID real-time visibility. Encode and affix our RFID sensors and tags to medical devices, equipment and inventories—including metal assets such as wheelchairs.

Ideal Asset Management Printers

Print and encode RFID tags and labels to track assets and reduce loss.

ZD500R

This desktop printer delivers advanced features and automatic RFID calibration in a compact footprint

ZT411 RFID On-metal Tagging Solution

Offering advanced technology, versatility and performance, this rugged RFID printer is ideal for on-demand RFID asset tagging for all surfaces, including metal

ZT411 RFID

Advanced technology meets versatility in this rugged, high-volume RFID printer

Zebra Certified Supplies

Whether you're processing specimens and samples in your laboratory, or keeping track of medical assets and inventories, our barcode and RFID labels help you ensure accuracy. Triage and track specimens, and print in-progress labels and reports. Use our proven RFID labels, pretested and made with the right adhesives, to track your medical assets and inventories in real time.

Ideal Laboratory Management Labels

- Z-Perform 2000D*
- Z-Select 2000D**
- PolyPro 4000D
- Z-Xtreme 5000T with Image Lock ribbon

Ideal Asset Management Supplies

- ZBR2000 UHF RFID Inlay
- Confidex Silverline Series RFID Labels

* Available in NALA & APAC; not available in EMEA
** Available in EMEA; not available in NALA or APAC

Pharmacy Management

Numerous tasks form part of pharmacy staff workload: inventory tracking, compliance management of controlled substances, prescription orders fulfillment and more. Help expedite workflows and prevent errors with the right tools.

Pharmacy Management Printers

Zebra's desktop and high-volume prescription processing printers are durable to get the job done – quickly and easily. We even offer an enhanced security printer with physical locks to protect sensitive media such as prescriptions.

ZT230

This rugged, economic printer offers a larger media capacity for fewer media changes and is ideal for applications requiring frequent format or printer setting changes

ZT411

Offering advanced technology, versatility and performance, this rugged printer is ideal for high-volume prescription processing

ZD410 Healthcare

The ultra-compact 2-inch desktop printer with high-resolution capabilities

ZD420 Healthcare

Simple to use, this desktop printer delivers basic features and low total cost of ownership, as well as optional locking capabilities for added security

ZD620 Healthcare

Your performance desktop printer for maximum print quality, efficiency and manageability — along with optional locking capabilities for added security

(ZD420/ZD620 D Doctor SKU)

These desktop printers are the same as the ZD420 and ZD620; however, they feature added security and physical locks to protect media such as prescriptions

Zebra Certified Supplies

Label drug orders and medical records easily and effectively with Zebra Certified Supplies for healthcare. Our high-quality labels are durable to withstand abrasion, refrigeration and strong liquid medications to ensure they are easily legible to support accurate medication administration.

Pharmacy Management Printer Labels

- Z-Perform 2000D*
- Z-Select 2000D**
- PolyPro 4000D

* Available in NALA & APAC; not available in EMEA
** Available in EMEA; not available in NALA or APAC

Beyond Hardware: Print DNA

Hardware alone isn't enough. Zebra printers feature our exclusive Print DNA ecosystem powered by Link-OS®, to deliver productivity, management, development and visibility tools. Together, they give you the ability to easily integrate your printers, remotely manage them from anywhere in the world, secure your connections and data, update on your schedule and gain visibility to drive smarter business decisions.

Services and Support: VisibilityIQ™ and AVS

Zebra is your partner today and tomorrow. Zebra Signature Services accelerate your ability to unlock intelligence from your data, so you can run your business more productively. Whether it's understanding staff utilization, maximizing predictability and uptime, or seeing the real-time status of your entire printer estate to preempt problems, our portfolio of services provides expertise every step of the way. We're here to support you across the entire lifecycle of your technology, and to help you get the most out of your investment.

Zebra OneCare Support Services

Provide unmatched service, support and repair right from the manufacturer, across the full product range, limiting unexpected disruptions and unbudgeted repairs.
